ILLUSTRATION

Agurtzane Abajo

info@beehiveillustration.co.uk

Hi! I am an illustrator from Spain. After years working as a graphic designer in advertising agencies, I focused on what I am most passionate about, illustration. I love creating children illustrations with a touch of humor, it's nice to make people smile when they see your work. I love coffee, yellow color, yoga and spend time with my family. Welcome to my portfolio, hope you enjoy it!
