

Hello! I'm a freelance Illustrator based in Wiltshire in the UK. I work mainly digitally and more recently I've turned my hand to working with watercolour and gouache too! Some of the clients I have been fortunate to work with are; Faber & Faber, Scholastic, Igloo Books and Autumn Publishing. I've worked on various children's stories, activity and colouring books, usually with a unicorn, fairy or princess theme, which I really enjoy!! When I'm not illustrating I'm enjoying time with my family, jogging and experimenting with my new found love of watercolours!

- Conventional • Photoshop • Vector • Digitally Painted
